APPENDIX 4.8

(referred to in paragraph 4.36)

Opus Agreement with VRSL

1. On the 26 September 2002 an Airtime Sales Agreement was entered into between (1) Opus (2) VRSL and (3) GWR, concerning the appointment of Opus to perform national and local sales agency services on behalf of VRSL and its subsidiaries.

2. In consideration for the provision of these services, VRSL would pay Opus between [✂] and [✂] per cent of all net revenues, depending on the degree to which Opus achieved the target net revenue. Opus is to receive:

— [✂] per cent in respect of revenues (defined as aggregate net revenues received or booked by Opus) up to [✂] per cent of target net revenue for the relevant period;

— [✂] per cent in respect of revenues between [✂] per cent and [✂] per cent of target revenue; and

— [✂] per cent of revenues, which exceed the target revenue.

In addition, if Opus exceeds the revenue target in any period, VRSL is to make an additional payment of:

— [✂] per cent in respect of revenues up to but not exceeding [✂] per cent of the target revenue; and

— [✂] per cent in respect of revenues between [✂] per cent and [✂] per cent.

Target net revenue means:

— for the period from the date of this agreement to 31 March 2003, £[✂]; and

— in relation to each subsequent period, such amount as was referred to in the business plan (see Table 4.7).

This Agreement would continue until the earliest of:

— the shareholders agreement (between GWR and SRH) terminating in accordance with its terms; and

— 30 September 2007.

3. Either party would be entitled to terminate this Agreement if GWR’s interest in the voting shared capital of VRSL fell below 20 per cent.
